

Aglow International – Generations Project Young Women Energizing Global Vision

It is with great pleasure that we announce the Generations Project is launching in Britain in 2008! Aglow's vision is to see young women 18-35 released into the Harvest, fulfilling Christ's mandate to change the world and make disciples of all nations.

For years Aglow has heard God's heart for young women in need of His restoration. We believe that in the same way God brought restoration to women in Aglow in the past, He wants to pour out wholeness on young women today. Through this project, we can all experience fellowship with the Living God, peace within, abundant life, and a lifetime of adventure. *Heaven is waiting to burst out into the world through this generation!*

We invite you to grab the vision for the Generations Project and to be practically involved through prayer and outreach. We are so thankful to be a part of God's plan on earth, joining together from generation to generation as the women of Aglow!

In Aglow, we have 40 years of experience in developing passionate leadership and releasing women to change their world. The Generations Project will provide opportunities for mature women with wisdom and ministry experience to be teamed with energetic passionate young women who long for someone to help them develop their gifts, talents and leadership qualities.

The Generations Project is looking to establish Aglow Groups primarily for ages 18-35, where young women can develop peer relationships, do things together and connect with women of wisdom and experience.

Mission Statement

Our Mission: To see young people - no matter what their field of endeavour - released into the Harvest to fulfil the mandate of Jesus to change the world and make disciples of all nations, in order to see Christ's great kingdom come on earth as it is in heaven.

Our Mission in Action: To achieve this, Christians must get beyond the narrow box that separates secular and spiritual authority in the world and take their God ordained places on the mountains of cultural influences that form and shape nations, in all areas of society from the Church and Family, Education, Media, Business, Government and Law to name but a few. God intended for Christians to have rulership in the world, but most of us have given up our rightful places of authority. Someone will influence and take the authority in these areas - you decide who it will be.

Our Mission, God's Vision: God wants His children to be co-labourers with Him. Without God, we can do nothing, and without people God will do nothing. Pastor Bill Johnson, states in his book, *Dreaming with God*, "Dreamers! Come! Let's dream together and write the story of human history. You are God's idea, and He longs to see the treasure that is in your heart."
